Produced in different formats, the material collected will be digitized and then publicly disseminated on a web interface.</p> | 2017-2019                      |
| \$131,200                          | <p><b>Rencontre des aînés inuits 2018</b><br/> <b>[2018 Inuit Elders Meeting]</b><br/>                     By: Kativik Regional Government</p> <p>The goal of this project is to break the isolation of elders among the Nunavik Inuit by encouraging the participation of a representative from each of the northern villages in the annual meeting of elders to be held in Nunavut in 2018. It is a place of exchange that maintains links between Inuit communities despite geographic distances and administrative boundaries. This event promotes the development and social integration of elders.</p>            | 2017-2019                      |
