

Guide to developing the Municipal Pandemic Influenza Specific Response Plan

Update of the printed binder – March 2008

A vertical line in the left margin indicates passages that have been modified.

To update the printed binder:

- please print this file using the option to print on both sides;
- replace the title page and the credits page;
- replace the second page of the Table of Contents;
- replace pages 13 and 14 of the “Elaboration” section;
- add the new version of the “Appendices” tab in front of the one in the binder;
- print the publication *Prevention in the context of an influenza pandemic: for employers and workers in Québec* and insert it at the back of the binder.
